Dear Mr. Weidner:

The Department of Toxic Substances Control's Brownfields and Environmental Restoration Program (BERP) has reviewed the revised draft Closure Demonstration Report, dated March 2011, for the Facility located at 8996 Etiwanda Avenue, Rancho Cucamonga, California.

As a result of this review, DTSC hereby determines your draft closure demonstration report as technically complete. Although the draft closure demonstration report is considered technically complete, DTSC may request additional information when necessary to clarify, modify, or supplement previously submitted information. DTSC plans to issue a public notice to the draft Closure Plan on Monday, May 16, 2011.

Should you have any questions regarding this project, please contact me at 818-717-6602.

Sincerely,

Steve Rounds
Hazardous Substances Engineer
Brownfields and Environmental Restoration Program
